

Dissolving Investigation - Year 5

White Eagle class undertook a Science Experiment for their States of Matter topic this term, whereby they had the opportunity to investigate various substances that dissolve and those that do not, using variables of hot and cold water as well as learning all the names of Scientific apparatus and the process of an investigation. Pupils had to initially discuss and write up their hypothesis within their groups, based on scientific knowledge, followed by undertaking the experiment at various stations- there were 5 altogether; Salt station, Sugar station, Sand station, Glitter station and Oil station. Pupils then observed the solutions very carefully to see which were soluble and which ones were insoluble, and they recorded their observations in a table and later conveyed the data in the form of a graph.

MAY 2023

Thursday 25th	Year 4 Trip Payment - Last Day
Monday 29th to June 2nd	Half Term Break

Keeping our Community Safe

As a school, we have an ongoing commitment to making sure all of our children are kept safe in and out of school. With this in mind, we would like to ensure that all our children are aware of the importance of not speaking to or approaching anyone that is unknown to them. Therefore, when collecting and dropping your children off, as it is often a busy time and the site and surrounding areas become crowded, please ensure you have your child in sight at all times. If your child is in Year 6 and travels to school independently, you may wish to provide them with a mobile phone for reasons of personal safety. It is the policy of the School for all pupils to hand their mobile phones in to the School Office upon arrival. Children's safety will always continue to be one of our top priorities and we thank everyone for their continued support in making sure that everyone within the School community is kept safe.

Emergency Contact Details

In the best interest of your child's wellbeing whilst at school, it is vitally important, that in the event of an emergency, we are able to make contact with you or another emergency contact, as quickly as possible. To this end, we would like to remind all parents, guardians and carers to keep your contact details updated with the School and to ensure that you provide up to date details of at least two other emergency contacts for your child. If you need to make any changes to your child's contact details, you can do this via School email address: rosedaleprimary@trhat.org. Thank you

Will You Make the Parent Parking Pledge?

Rosedale Primary School is asking you to consider making the Parent Parking Pledge, a scheme developed by the London Borough of Hillingdon, in an effort to manage congestion and improve safety near the School at busy times. The idea is simple: in return for making the pledge and agreeing to follow some basic principles set out below, your car can carry a sticker that tells the world you are doing your bit to make a difference.

The Hillingdon-wide principles are:

- I agree to help my child/children travel actively at least once a week
- I agree to drive with consideration for others
- I agree to park away from the School gates
- I agree to never block a driveway
- I agree to turn off my engine when parked

As a school, we fully support these principles and pride ourselves on promoting road safety with our children. We strive to maintain these principles as a school to keep our children and community safe. If you are happy to make this Parent Parking Pledge, it would be great if you could complete the form by clicking the following link (<https://bit.ly/3AQFHji>) Once received, you will be given a car sticker to show others your commitment to health and safety. Thank you.

Odds Farm Trip - Reception Trip

On Friday 5th May, the Reception children will be attending the Odds Farm Park in High Wycombe. We would like to remind parents, guardians and carers that all payments should be made through your child's iPayimpact. Thank you.
