

Light and Reflection Investigation

Year 6 pupils engaged in a science experiment to create a working periscope and explain how the periscope allows them to see objects they would not usually be able to see. Children enjoyed the investigation and were able to discuss and share their findings and record these using diagrams and scientific language.

All those who attended found the workshop very helpful and informative.

Active Travel Movement

We are excited to announce that Hillingdon Council is launching the Active Travel Movement in October 2023, with the invaluable support of TFL. Rosedale Primary is enthusiastic about joining this movement, showing our commitment to encouraging the school community to engage in active travel activities. Our aim is to limit car usage, enhance air quality, and promote the overall physical and mental well-being of all participants.

Our Early Years Foundation Stage (EYFS) and Key Stage 1 (KS1) pupils will be part of the Active Travel Art Competition, while our Key Stage 2 (KS2) students will be participating in the Invention Competition.

Please note that the submission deadline for both competitions is Tuesday 31st October, 2023. We are looking forward to witnessing the creativity and innovation of our young minds as they contribute to shaping the future of our environment and travel behaviours. Let's get together as a community and embrace the Active Travel Movement to develop a healthier, more sustainable, and environmentally responsible future.

Black History Month – October 2023

Black History Month is the annual celebration and commemoration of moments in history, achievements and contributions that Black people have made. First brought to the UK in the 1980s, Black History Month was initially introduced to the country by a member of the Greater London Council, Akyaaba Addai Sebo. Since 1987, Black History Month has been celebrated annually in the UK, to eradicate discrimination and encourage racial equality.
