

### Chiltern Air Museum – Year 3

The Year 3 pupils went to visit Chiltern Air Museum. They had the chance to understand what life was like for a Victorian schoolchild. They learnt how to make the rag rugs. The pupils enjoyed the Iron and the Stone Age workshops. They also explored the grounds and met some of the animals. The children built up their knowledge and understanding of the prehistoric period.

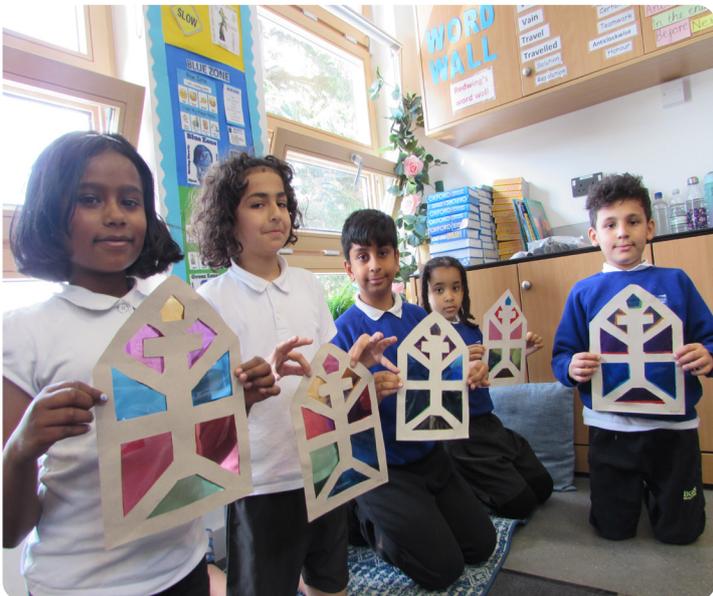

## Stained Glass Project – Year 4

In Year 4, stained glass windows are made in Art and Design lessons incorporating Religious Education which teaches pupils the architecture and art of Christian faith.

Over the last two lessons, children have worked hard to create their own stained-glass windows following a range of instructions. Firstly, they used a template to create a unique design on sugar paper, then they carefully cut out the patterns using scissors and finally they added coloured cellophane to make their own stained-glass windows. Year 4 were proud to show their final products to the class.
