

Pencil Pots

Year 4 proudly demonstrated their creativity and practical skills by designing and making their own pencil pots. Using cardboard as a base along with a range of decorative materials, the pupils carefully planned, constructed, and personalised their creations. This hands-on activity encouraged imaginative thinking, problem-solving, and teamwork, while also highlighting the importance of reusing materials in a fun and meaningful way. The finished pencil pots reflect each child's individual ideas and effort, and the pupils were delighted to showcase their unique designs.

Science Week

Year 5 marked Science Week by carrying out experiments on mixtures and separation techniques, developing their scientific understanding through practical, hands-on work. They enjoyed engaging science sessions focused on identifying mixtures and exploring different methods of separation.
